Career Objective

To leverage my knowledge and skills in computer science and engineering to develop innovative solutions that solve real-world problems. With a strong foundation in AI, programming, and leadership, I aim to contribute to impactful projects while continuously learning and growing as a professional. I am eager to work in a collaborative environment that values creativity, teamwork, and technological advancements.

Experience

Swecha AI Internship | *Team Leader*

August 2024 – September 2024

- Led a team in developing an **AI chatbot** using **React** and the **OpenAI API**.
- Managed tasks, ensured timely completion, and guided **AI model debugging**.
- Fostered **team collaboration** and provided **technical mentorship**.
- Successfully deployed the chatbot, improving **user engagement** with **NLP**.

Web Development and Design Certification

December 2024

- Completed the **Web Development and Design** certification from Oasis Infobyte.
- Created and deployed projects like a **CSS Gradient Generator**, **Freedom Fighter Biography**, **To-Do App**, **Calculator**, and a **Calendar Application** using **HTML**, **CSS**, and **JavaScript**.

Projects

Email Application | Backend: *JSP*

May 2024

- Developed an **email application** to gain hands-on experience in **email system functionalities**.
- Implemented core features like **Inbox**, **Sent Box**, **Compose Mail**, **Login**, and **Logout**.
- Designed a **user authentication system** for secure email access and message handling.
- **Technologies Used:** **HTML**, **Java**, **MySQL**.

Exam Hall Ticket Management System | Frontend: *HTML, Tailwind CSS, JavaScript*

February 2025

- Developed a **Hall Ticket Management System** for seamless exam ticket generation.
- Designed a **responsive UI** using **Tailwind CSS** to enhance user experience.
- Integrated **student authentication** using the college database for secure login.
- Automated **exam fee verification**, allowing students to generate hall tickets upon payment.
- **Technologies Used:** **HTML**, **Tailwind CSS**, **JavaScript**, **APIs**.

AI Chatbot | Frontend: *React*

August 2024 – September 2024

- Developed a chatbot using **React** and integrated the **OpenAI API** to automate routine tasks and enhance communication.
- Enhanced user engagement by improving **response accuracy and real-time interaction**.
- Collaborated with an internship team for seamless development and deployment.

Education

B.Tech in Computer Science and Engineering

Rajiv Gandhi University of Knowledge and Technologies, Basar

Intermediate

Rajiv Gandhi University of Knowledge and Technologies, Basar | CGPA: 8.33

SSC

ZPHS Akkannapet, Medak | CGPA: 10.0

Skills

Programming Languages: Python, Java, C

Frontend Development: HTML, CSS, React, JavaScript

Backend Development: JSP, PHP, MySQL, MongoDB

Database Management: MySQL, SQL

Version Control: Git, GitHub

AI & Automation: Chatbots, AI Basics

Certifications

- Web Development Bootcamp
- Web Development Internship Certificate
- Generative AI Certification – LinkedIn & Microsoft
- Java Programmer – HackerRank
- Swecha AI Internship
